Teaching and Learning UNITE!
Activities Spring 2022

Registration and Information Teaching and Learning Unite! Spring 2022

The Teaching and Learning Unite! activities are aimed at all faculties and staff involved with education in all partner universities. We are inviting you to meet Unite! colleagues to share practices with the aim of developing your own teaching. Get an insight into how teaching and learning is promoted at different partner universities.

The activities – webinars, courses and training events – are run by pedagogical experts from the partner universities and are free of charge for the Unite! community. All activities are held in English and run online. You may receive a certificate, and some of the activities award credits.

You are welcome to register to the activities.

To access the Registration and Information course, click on the title of the course and "Enrol me" on the next page.

Your progress

Teaching and Learning Unite! Spring 2022

The Teaching and Learning Unite! activities are aimed at all faculties and staff involved with education in all partner universities. We are inviting you to meet Unite! colleagues to share practices with the aim of developing your own teaching. Get an insight into how teaching and learning is promoted at different partner universities.

The activities – webinars, courses and training events – are run by pedagogical experts from the partner universities and are free of charge for the Unite! community. All activities are held in English and run online. You may receive a certificate, and some of the activities award credits.

Please consider registration deadlines for each activity. As much as we encourage you to register to several activities, a commitment to each of your choices is much appreciated.

How to register

1. Scroll down to the activities below.
2. Choose the activity you would like to register for.
3. Click on "Registration" and answer the questions. You will get a confirmation then. In case the activity is fully booked, registration is not possible.
4. After registering successfully you will be able to access the course, through the link below "Registration" of the corresponding activity.

If you have questions please contact:
nicole.herzog1@tu-darmstadt.de

5. Under „Activities“, you can see a list of events from the course. Click on Registration to register for an event.
