

Pre-proposal instructions

The pre-proposal can be **maximum 3 pages, including one page CV.**

Remember to include the following information:

- Project title
- Objective
- Methodology
- Time schedule and short description of activities
- State of the art on the international level
- Expected results, scientific impact and national use
- Short description on how the application addresses the award criteria
- Overall cost/budget estimation
- For external candidates – clearly state the host
- Contribution of the project to the KTH [Long-term strategy and development plan | KTH](#)
- 1 page CV including link to Google Scholar profile and e-mail address

Please also take care of the structure and style of the application. It should be well written and easy to understand without over technical language.

Please ensure that you fulfill all formal requirements and address the quality and award criteria (see guidelines at the [KAW website](#)).

The pre-proposal should be send to Research Support Office wallenbergfoundations@kth.se no later than **October 3, 2022**.

KTH is allowed to nominate 12 candidates - 1 internal candidate for each external candidate (meaning have not been employed and not received salary or other financing in Sweden during the last four years). At least 40% of the nominated should be female.
