

Next step in campus relocation

Anders Söderholm, has decided on the programme directive that will guide the continued work on the relocation of activities at KTH's campus.

The moves can save SEK 58 million per year

"We are now going from words to action and taking the next step in the relocation of KTH's campus", says Anders Söderholm, President of KTH.

A new programme directive includes an economic analysis, a timetable and how the work on the moves will be organised. The move from Södertälje will be completed by the end of August 2025 and the move from Kista one year later.

A changing organization

"In two months, on 1 April, I will no longer be the Head of administration at the ITM School", Christina Carlsson writes. "But you won't get rid of me just yet!"

June conference: Logistics in a world of uncertainty

In June the NOFOMA conference will be hosted by INDEK and the Swedish Defence University. We caught up with organisers Per Skoglund and Luca Urciuoli to get a few tidbits from the programme.

Curbing threats from forest and grass fires

Forest and grass fires have become increasingly common. Pernilla Ulfvengren, Fredrik Asplund and Björn Möller are working to reduce the threats posed by these fires. Among other things they will analyze societal changes caused by climate, electrification, and regional conflicts.
