

Reminders when posting your thesis in DiVA

This guide clarifies a few DiVA fields and applies to doctoral students at the School of Electrical Engineering and Computer Science (EECS).

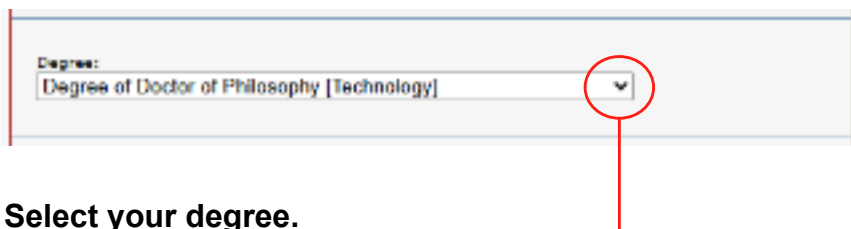

Research subject

Select your third-cycle subject area.

Have your official thesis defence decision (*Beslut om disputation*) available and select the same subject as stated in the decision. Please note that you cannot select your specialisation here. The school's subject areas are listed on the following webpage: <https://intra.kth.se/en/eecs/forskarutbildning/doctoral-programmes/doctoral-programmes-1.1147713>

Degree

Select your degree.

Have your official thesis defence decision (Swedish: Beslut om disputation) available and select the same degree as stated in the decision.

- Degree of Doctor: The default and most common degree at EECS is “Degree of Doctor of Philosophy [Technology]” (Teknologie doktor). Other degree titles, such as “Degree of Doctor of Philosophy” (Filosofie doktor), require a separate application before applying for the thesis defence.
- Degree of Licentiate: The default and most common degree at EECS is “Degree of Licentiate of Engineering”. Other degree titles require a separate application before applying for the licentiate seminar.
