What chemical engineers need to learn and what we teach – an example from pulp and paper industry

Workshop

Cooperation in teaching

Basic engineering knowledge
Presentation

Biorefinery
Macro-molecular Materials

Study visit
Example on material and energy balance calculations
batchelor course

Input and lecture on project master course

SCA
Valmet
Innventia
SP
Holmen

Teachers
KTH
Pulp&Paper related courses

Elisabet Brännvall
Associate Professor
Pulp technology
