

**Renewal of cooperation concerning
CLUSTER DUAL MASTER'S DEGREE PROGRAMMES
between
Instituto Superior Técnico, Portugal, and
KTH Royal Institute of Technology, Sweden**

Within the framework of the CLUSTER network and with reference to the "Convention on CLUSTER Dual Master's Degree programmes" the two parties, Instituto Superior Técnico (IST), and KTH Royal Institute of Technology (KTH), hereby confirm their commitment to continue to cooperate and encourage the exchange of students with the aim to fulfil the requirements for the Master's degree in Science or Engineering from both institutions.

The previous agreement that was signed in February 2008 for a five year duration will be prolonged on the same conditions for another five year period, that is from the intake for academic year 2015/2016 and until the last intake for academic year 2019/2020.

The Schools or Faculties committed to this cooperation will sign Annexes to this Renewal for the Dual Master's Programmes involved describing the possible study paths.
