

## Take a leap towards your Horizon 2020 proposal on 3 May!

Do you plan to apply for H2020-funding within the area of “Digital Transformation in Health and Care”? If so, you are very welcome to attend our event!

By gathering academic researchers, companies, health care and support organisations we aim to give you and your project a head start towards your application for H2020-funding during 2018 and 2019.

This workshop targets academic group leaders and SMEs within health, technology and social sciences.

The event is organized by Medtech4Health and Swelife in collaboration with Karolinska Institutet, KTH Royal Institute of Technology and Stockholm University.

**Date and time: Thursday, May 3, 12:00–16:00 (including light lunch)**

**Location: OpenLab, Valhallavägen 79, Stockholm**

### Program

12.00 Information about the support services and opportunities available

- Information about the IMPACT project, managed by Swelife and Medtech4Health
- EU Support Office – your company’s best friend for EU grant application advice presented by SwedenBio
- The EU funding jungle - your local guides at KI, KTH and SU
- An Inspirational case

13.30 Networking and coffee.

14.00 – 16.00 Roundtable discussions focusing on topics of your choice.

We will organize the tables according to your topic of interest and will therefore ask you to select specific calls in the registration form. An updated program will be sent out prior to the event.

The workshop is free of charge, but we need your registration **before April 11.**

Limited number of seats. Sign up here:
